MINERS MEET DEATH SUIT FOR STATE LANDS

Gas Explodes in a Colorado Mine With Disastrous Results.

SIXTEEN LIVES LOST ALSO WANT DAMAGES

Others Are Missing and Until Further Search the Exact Number of Dead Cannot Be Ascertained—Most of Them Are Married.

Trinidad, Colo., Aug. 8.—Sixteen men are known to have been killed and some others are reported missing as the result of an explosion of gas in one of the mines of the Union Coal and Coke company a Bowen, six miles from Trinidad, Thursday. No names are obtainable at this time. The mine employs about sixty men. They are all Americans and Irish. Most of the dead are said to be married. Only meager details have been received here.

Held for Beddall Murder.

Shenandoah, Pa., Aug. 8.—The coroner's jury, which has been investigating the death of Joseph Beddall, who received his fatal injuries in the riot here last week, has concluded its inquiry and rendered a verdict holding Joseph Palawicz, a butcher; Matthew Palaskas, a one-armed saloon-keeper, and many other rioters unknown to the jury, responsible for the killing. The men named in the verdict are now locked up and other arrests will follow.

Smallest Tonnage in Years.

Philadelphia, Aug. 8.—The Pennsylvania railroad for the week ending Aug. 2 carried only 920 tons of anthracite coal. This is the smallest tonnage of hard coal the company has moved for many years. For the same week in 1901 the tonnage of anthracite amounted to 98,439 tons. The shipments of bituminous coal continue to show a steady increase.

Cut in Live Stock Rates.

Chicago, Aug. 8.—The western freight rate situation has developed into a state of open war. The Santa Fe has given notice that, beginning next Monday, that company would carry live stock between Chicago and Kansas at a cut of 1 1/2 cents, and is the lowest rate given on live stock since 1895. When the rate went to 10 cents. The full purpose of the Santa Fe is not disclosed. The Santa Fe live stock rate will affect the tariff from points far west of Kansas City to Chicago, as the rates from all interior points will be no more than the through rate to Chicago.

Train Wrecks a Handcar.

Plano, Tex., Aug. 8.—The Central's Galveston excursion train Thursday morning struck a handcar about two miles south of McKinney, killing the section foreman, John Burritt, and seriously injuring Charles Edwards, a laborer, who has a compound fracture of thigh and hip, and probably will have to amputate his leg. Jim Camp, another laborer, was bruised about the arm and back, but is able to walk around. The men pulling the handcar were near a curve and did not see the special until it was nearly upon them.

Lockjaw Cured at N. Y. H.

New York, Aug. 8.—Physicians connected with the Harlem hospital have announced the recovery from lockjaw and discharge from that institution of Joseph Tiernan. On July 4 he shot himself in the hand with a blank cartridge. He was taken to the hospital on July 12. Lockjaw was well developed and it was decided to inject anti-toxine into the spinal cord, and not into the brain, as in previous cases.

Neely Wants His Money Back.

Washington, Aug. 8.—C. F. W. Neely, convicted of Cuban postal frauds and afterwards granted amnesty by the Cuban legislature, has applied to the attorney general to be reimbursed for money found in his possession at the time of his arrest, amounting to \$6234. This money was sent to Cuba as an exhibit at the trial of Neely, and was returned by the military government to the war department.

Richest Man in Indiana.

Evansville, Aug. 8.—Albert O. Duttland, aged 62, the wealthiest man in southern Indiana, is dead at his home in this city. He once owned a line of steamboats plying between Evansville and New Orleans. He built the first railroad from Evansville to Nashville, Tenn., now known as the Nashville division of the Louisville and Nashville.

Picnickers Struck by a Train.

Paducah, Ky., Aug. 8.—A wagonload of 10 picnickers was struck by an Illinois Central freight train at the Tennessee street crossing just within the city limits, Tuesday night, and five were injured, two fatally. The negro driver tried to pass the track, but succeeded in getting only half way across.

General Smith Coming East.

San Francisco, Aug. 8.—General Jacob Smith, accompanied by his wife, left Thursday for the east. The departure of General Smith was taken very quietly, and few persons knew of his going.

Trespass to Try Title Entered by the State of Texas.

THE STATE DENIES THE VALIDITY OF THE CLAIMS OF MEXICAN OR SPANISH GRANT TITLES—DAMAGES ASKED FOR EXCEEDS \$100,000.

Austin, Aug. 7.—Twelve suits of trespass to try title and for damages were filed Thursday morning by Attorney General Bell for the state of Texas against various parties. The suits were all brought in the Twenty-sixth district court. The allegations in each petition are that the plaintiff was in possession of the lands in question and is now entitled to the possession thereof; that on the 1st of January, 1901, the defendants, without authority of law, entered upon the lands and dispossessed the plaintiff of the same and held, claimed and occupied the same adversely to plaintiff and are still so doing to plaintiff's damage in various amounts.

The plaintiff alleges in each petition that the character of the title under which the defendants claim authority to possess and hold the lands is not known to the plaintiff or to its officers, but plaintiff specially charges that if the defendants claim said land or the right to the possession thereof under title emanating from the Spanish or Mexican government there is not and never was any such title and that there is no valid evidence of such grant to be found in the records or among the files of the general land office.

The first suit is for 315,352 acres of land, more or less, in the counties of Cameron and Hidalgo, the whole tract being known as San Salvador del Tule, and being about 22 miles from Hidalgo town and 65 miles from the city of Brownsville. The damages asked are \$50,000.

The second suit is for 25,000 acres of land in Nueces county on the Nueces river, damages being placed at \$20,000. The third suit is for 25,000 acres of land in Nueces county, about 23 miles above Corpus Christi, damages being placed at \$25,000.

The fourth suit is for 25,000 acres of land in Starr county about 43 miles northeast of Rio Grande City, damages asked being \$25,000.

The fifth suit is for 25,000 acres of land in the county of Hidalgo, about 3 miles northeast of the town of Hidalgo, damages asked being \$25,000.

The sixth suit is for 25,000 acres of land in Starr county, damages asked being \$15,000.

The seventh suit is for 110,000 acres of land in Cameron and Hidalgo counties, damages being placed at \$25,000.

The eighth suit is for 30,000 acres of land in Zapata county, damages being placed at \$15,000.

The ninth suit is for 25,000 acres of land in Duval county, on Nueces river, 20 miles above Corpus Christi, damages asked being \$15,000.

The tenth suit is for 100,000 acres of land in Nueces county, damages being placed at \$25,000.

The eleventh suit is for 50,000 acres of land in Hidalgo county, damages being placed at \$50,000.

THIRTY TONS OF SILVER.

That Amount Is Now in the Vaults of the State Treasury.

Austin, Aug. 8.—It is a noticeable fact that the cash balance in the state treasury contains more silver year by year. That species of money is being paid into the treasury in larger quantities each succeeding year. There is an interesting explanation to it, which at the same time develops the fact that the state is being somewhat imposed upon and as a result of an act of the legislature.

The act in question became a law in 1893 and provided that county tax collectors shall make their settlements of tax payments in cash, and that the state would pay all express charges on the cash and cost of exchange.

The bond of nearly every tax collector is made by a bank, the official returning the courtesy, or rather his end of a business proposition, by keeping the funds on deposit in that bank. When settlement time arrives that bank can rid itself of its surplus silver at the expense of the state, for the latter pays express charges, and great loads of silver are shipped to Austin. Banks and people generally do not like to handle silver or have it on hand, so it is dumped onto the state at the cash's expense. At this time, the cash is low, there are thirty tons of silver in the state vaults, more than two carloads. Through the medium of exchange the Austin banks have a "picnic," as they pay silver whenever possible, and their silver surplus is very low. But in return, when the treasurer attempts to make payments in silver to banks or individuals, there is a great protest. Thus the silver surplus grows.

Venezuelan Political Situation.

SATURDAY, AUGUST 9, 1902

The Limestone county grand jury has returned a number of indictments on charge of buying votes in the recent primary election held in that county. Following is an extract from the grand jury report: "We found that friends of candidates in the election recently held paid from \$1 to \$5 for votes under the guise that they desired to employ the man's time and influence on the day of the election, in some instances the witness stating that no work was required them, but as soon as their votes were cast the money was paid and their services dispensed with. We have returned sixth-seven true bills against citizens of our county for the purchase and offer to purchase votes."

Brazos river and co-operate with similar organizations in the towns all along the river to the end that some general plan may be adopted to secure the desired results. The action of railroad embankments in checking and holding the water in some instances shows how easy it will be to establish a system of levees along the river adequate to protect the crops.

The Eagle believes that Hon. Scott Field will go to work intelligently and systematically when he shall have been elected to congress to secure relief from floods for the Brazos river country, and we hope he will have the co-operation of every colleague in the state. We also hope that the people who are interested in the work will do all in their power to aid him.

The Del Rio Record says: "Last Monday one of our subscribers came in and paid in cold cash and in cold blood, three years arrearage and one year in advance." We suppose it won't be necessary for the Eagle to go into the details of why we have copied this.

A story is going the rounds that a certain Clarksville young man, who had the habit of staying late, one of those lingering kind of fellows who commence to say good night about 11 o'clock, and don't get away until 12:30. Now this young man had been out with his love one night not many moons since, and on reaching the gate of his beloved proceeded to hang there, whispering silly nothings. He stayed and finally commenced to beg for a good night kiss, promising to go the moment he got the kiss. The old man inside the house had been kept awake fully an hour by the young people, and the longer the young man stayed the madder he got. When the young man promised to go if she would kiss him, the old man stuck his head out of the window and said: "Daughter, for God's sake kiss the d—d little fool, and let him go." It is needless to add that the young man went.—Clarksville Enterprise.

The Navasota Review says the first requisite for diversification is some intelligence, and the next a thundering lot of work.

A news item probably supplied consumes fifty carloads of watermelons per day.

Only \$25.00 to California.

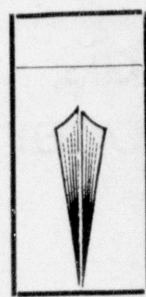

The Southern Pacific has again opened the doors to cheap travel from Texas points to California. During the months of September and October, one way second class tickets will be on sale from all main line points on the Houston and Texas Central railroad and Southern Pacific, at a rate of \$25.00, except from stations east of Houston, from which points rate is made by adding local fare to Houston rate, and from Galveston where the rate will be \$26.45.

These tickets give stop-over at California points, and offer a splendid means of making a trip to California at lower rates than ever. Consult your local ticket agent or write for literature and other information. M. L. Robbins, T. J. Anderson, G. P. & T. A. A. G. P. A. Houston, Texas.

Town Lot Sale at Penelope.

The next sale of lots on the line of the I. & G. N. will be at Penelope, in Hill county, ten miles north of Leroy, August 14. The I. & G. N. will make the same rate from Bryan to Penelope—\$2.00 for the round trip—as was made to Leroy. Tickets will be on sale for trains arriving at Penelope on the morning of August 14. Limit, August 16. dtf

A Sudden Death.

Mrs. John Q. Adams of Willow Hole, a most estimable lady, died under unusual circumstances Tuesday morning.

On Monday she was apparently in excellent health. After dinner she laid down to take a nap, when after some time, some of the children discovered that something was wrong with her. Their efforts to arouse her were unsuccessful. Mr. Adams who was at Bryan was telephoned for, and medical aid was summoned. She never spoke or regained consciousness, however passing away at 1 o'clock Tuesday morning.

Deceased was about 36 years of age, a good and charitable woman and the mother of nine children, four boys and five girls. The burial was at the Willow Hole cemetery.

The bereaved husband and children have our deepest sympathy.—Madisonville Meteor.

No effort has been made to systematically destroy the mosquitos. It appears the people had rather go on paying doctors' bills and fighting them on the buzz, bite, slap, slap plan than to go to the little trouble and expense of putting oil on the breeding places.

Mrs. W. H. Wright of Dallas, representing Jessamine Institute, of Nicholasville, Ky., of which Mrs. J. B. Skinner is president, is in the city the guest of Mrs. Jewell Howard. Mrs. Wright will be pleased to meet parties having daughters whom they desire to place in a first-class school. 212

KING'S CORONATION

Important Changes Made in the Official Programme.

MADE MUCH SHORTER

The Aged Dean of Westminster Is Relieved of Portion of the Part He Was to Perform—Changes in the King's Cabinet.

London, Aug. 8.—A number of important changes in the coronation programme have been announced. Recognition, in which the king is presented to the people by the archbishop of Canterbury as "Undoubted King of the Realm," will be performed but once, instead of four times, as given in the official programme. The litany, which was to have followed the recognition, will not be said, the sermon will be omitted and the te deum, which was placed in order of the service at the presenting of the Bible, will not be given at that time, but will be sung during the recess at the close of the coronation office when the king visits Saint Edward's chapel.

Owing to the age of Very Rev. George Granville Bradley, dean of Westminster, who is 81 years old, the king has relieved him of the duty of placing the regalia upon the altar, and this service will be performed by Canon Duckworth, but the dean will present the crown to the archbishop for the coronation and will present communion supper to the king.

Lord Chamberlain will take the king's sword from the altar and hand it to his majesty, he will put upon the king the armilla and imperial mantle, will take the orb with the cross from the altar and deliver it to archbishop for presentation to the king, and will receive the orb from the king and it will be laid by him upon the altar.

Altogether the programme has been considerably shortened.

IN KING'S CABINET.

Austin Chamberlain Is Made Postmaster General by King Edward.

London, Aug. 8.—Official announcement is made that Austin Chamberlain, son of the colonial secretary, has been appointed postmaster general, vice the marquis of Londonderry, resigned.

As Austin Chamberlain will have a seat in the cabinet, the rare spectacle will be furnished of both father and son holding cabinet rank simultaneously.

It is stated the new office, that of postmaster general, has been appointed.

The earl of Dudley has been appointed lord lieutenant of Ireland, Charles Thomson Ritchie chancellor of the exchequer, and Aretas Akers-Douglas home secretary.

NO AGREEMENT MADE.

Report That Morgan's Offer Had Been Accepted Premature.

London, Aug. 8.—The announcement made in Belfast that an agreement had been reached between the admiralty and the Morgan shipping combine was premature. Negotiations on details of agreement are still proceeding and believed with every promise of success.

In the house of commons Premier Balfour said the government had been engaged in negotiations connected with and arising from circumstances connected with the formation of the shipping combine. "Unfortunately we are not yet in a position to make a statement to the public," said Balfour, "the accident to the colonial secretary, Mr. Chamberlain, having caused some delay, but I am confident that when the house meets again, we will be in a position to take it into our confidence."

Boer War Inquiry Committee.

London, Aug. 8.—Premier Balfour has announced the appointment of the following committee of inquiry into the conduct of the Boer war: Earl of Elgin, chairman; Sir Henry Norman, Sir John Hopkins, Lord Esher and Sir John Edge.

Another Railroad Combine.

Chicago, Aug. 8.—The Daily News announces that by what is known as traffic agreement, close alliance has been entered into between Chicago, Milwaukee and St. Paul railway and Missouri Pacific system, one representing Rockefeller interests and the other the great southwestern systems of Goulds.

By the alliance the former company will secure direct line to Salt Lake and the Missouri Pacific will gain a direct entrance from Kansas City to Chicago.

This will place St. Paul system with a terminus more than midway to the Pacific coast and give it entrance into El Paso, Tex., over the Texas and Pacific tracks.

Accident Causes Alarm.

Madrid, Aug. 8.—Considerable alarm was felt during King Alfonso's journey from Oviedo to Leon. While the train was in the tunnel near Livares the door of the king's salon was suddenly opened and was broken off. The king convinced himself personally that the occurrence was accidental.

Bryan Not a Candidate.

Muscantine, Ia., Aug. 8.—W. J. Bryan, in an interview here, said positively he would not be a candidate for president in 1904. He said he was satisfied to live as a private citizen.

Mr. D. L. Foster, who was in the city yesterday with a load of watermelons, had an exciting runaway experience in the edge of town while on the way home. He was thrown out and stunned, but fortunately his injuries were not serious.

BRYAN IS IN NEED

Of a Vigorous and Systematic Advertising Campaign.

The busy season is almost upon us when cash trade seeks a market to make heavy fall and winter purchases, and the business men of Bryan are in need, individually and collectively, of some vigorous, systematic advertising. A few years ago no town in Texas was better advertised than Bryan, and by this enterprise there was built up a magnificent patronage in Brazos and surrounding counties for all lines of business conducted here. In order to hold this business it will be necessary to employ the same methods which secured it. During the past few years the advertising patronage of the weekly papers has fallen off heavily, and page price list ads, with thousands of circulars printed therefrom and scattered broadcast over the country are almost a thing of the past. As a trade winner this sort of advertising has no equal, and the experience of our business men, if they will weigh the matter carefully, will bear out the statement. To leave off this weekly advertising is to cut the strongest cord that draws the trade to our doors. Right prices carefully prepared and attractively displayed will do the work when sent out to the people and it is a mistake to say that the people who want goods and have money to spend will throw such a newspaper or circular down. Things can still rock along at the present rate after a fashion, but if Bryan wants to hold her own, much less to increase her business, there will have to be more printer's ink used, and that without delay. The floods and the boll weevils make the necessity all the greater for reaching out to cover more territory.

The Eagle does not desire a revival of the old time enthusiasm in advertising wholly from personal interest. If we know our motives, the interest of the people of Bryan has always been one of the strongest incentives to our work. We realize that whatever benefits the town is of benefit to every individual who makes his home and gets his living here. We know that every man's advertising benefits his neighbor and when all reach out in this manner for trade the cumulative effect is irresistible and the whole city reaps the harvest. The Eagle has no desire to complain of the treatment it has received under the present management at the hands of the people of Bryan, but we know that to have the weekly paper going out week after week with columns almost clear of advertising will gradually give the impression to the people that the business interests of town are shriveling up and they will seek the cities where they are continually invited by fresh, crisp readable advertising.

A. M. E. CHURCH REVIVAL

Closed Thursday Night—Seventy-Two Additions to the Church.

The great negro revival, which has been conducted the past three weeks under a large arbor in a grove in the western part of town, closed Thursday night. The meeting was conducted by the African Methodists and resulted in seventy-two additions to the church, sixty-two of them by baptism.

The preachers engaged in the meeting were Rev. R. Deal, of Palestine, presiding elder; Revs. A. Gordon and W. O. Boyd, of Marlin; Rev. S. J. Connor, of Mumfords; Rev. D. P. Stovall, of Oakwoods; Rev. G. W. Anderson, pastor, and others. Very large crowds attended the meeting, including many white people for whom separate seats were provided. Fully two thousand people were present at the closing service. There was, at times, a great deal of religious enthusiasm displayed, but good order was maintained without difficulty. A number of lunch and cold drink stands on the grounds did a good business.

NOTICE.

The railroad tank having been leased by private parties, all persons are hereby warned not to bathe, or otherwise trespass on grounds. Any persons found upon same will be prosecuted. M. Parker, Pres. 214 H. A. Burger, Sec.

What's the matter with having some first-class boat races on the big lake opposite the fair grounds during the Central Texas fair this fall? It would be a very easy matter to hold a regatta during the fair and nothing could possibly be of more general interest. Boats could doubtless be secured at Austin.

F. M. Chambliss, J. G. Conn, J. D. McNair, Alonzo Lang, W. M. Hughes, Bob Allphin, Bryant and G. W. Kinney, Andrew and G. C. Griffin, H. B. George and Jeff Donohoe, T. M. Bottoms, A. M. McMahon, Jess Heath, Will Payne, Olin Black, Dave Brizolari, Dave and Powell Shannon were visitors from Madison county the past few days.

NEW CHOCTAW CHIEF.

T. W. Hunter Defends Green McCurtain the Present Chief.

South McAlester, I. T., Aug. 8.—Unofficial returns from ten of the leading counties give T. W. Hunter a majority of approximately 300 over his rival, Green McCurtain, for Choctaw chief. There is a discrepancy at the two headquarters but the McCurtain managers concede that Hunter is 256 ahead. There are six counties among the mountains yet to hear from Cedar, Wolf, Jackfork, Red River, Eagle and Boktoklo. Sugar Leaf, from which McCurtain expected 130 majority, wires that it will be safe, though close, for him. Dime Ainsworth, the McCurtain manager, says the race will be close enough to require the official count.

The Treaty Adopted.

Vinita, I. T., Aug. 8.—Returns from election in the Cherokee nation are coming in slowly, but the indications are that the treaty has been adopted by 1500 majority or more. Delaware and Coowees-coowee districts will roll up a majority of 2000 for the treaty.

YOUNG MAN MISSING.

It Is Supposed Ill Health Caused Him to Leave Home.

New York, Aug. 8.—Wilberforce Ogden, 21 years of age, son of William Ogden, a prominent Newark business man, has been missing from his father's home in Chatham, N. J., since Monday. Night and day parties of friends have searched the country for him, watching every road, dragging the Passaic river and near-by ponds, and even fighting their way through the wilderness of the great swamp near Chatham.

Several months ago Ogden returned from a Vermont theological seminary, where he was studying for the ministry, broken in health. Brooding over his failure to finish the course of study developed melancholia. His condition improved, however, and Sunday night the nurses ventured to leave him alone. Next morning he was not to be found. During the night he partially dressed himself, emptied all his bottles of medicine and left the house.

From that time nothing was heard of him until a tramp brought the news that he had seen the boy asleep under a tree near Afton, six miles away, on Monday night. Later a milkman saw him on the Orange mountains, where he disappeared in the underbrush.

NEGRO BOY LYNCHED.

Strung to a Limb in Louisiana for Assaulting a Child.

Shreveport, La., Aug. 8.—Harry Benton, a 17-year-old negro, was lynched near Homer Thursday for criminal assault on a little 4-year-old child of D. W. Fortson, a prominent citizen of Homer. The negro committing the crime took to the woods, but was captured a few hours later, placed upon a horse, and a rope was tied to the limb of a tree. A noose was fastened around his neck and some one struck the horse a blow. The animal moved forward, and as it did so Benton's body swung into space. Several shots were fired into his body, and death must have come to his relief quickly. The child will recover.

Reward for Harry Tracy.

Portland, Ore., Aug. 7.—It is probable that the \$4100 reward for Harry Tracy's body will not be paid for some time owing to the number of claimants. The body will be taken to Salem. Governor Gear has already stated that he is willing for the state to pay the reward as soon as the proper identification shall be made, but the reward will not be paid until the claimants reach an agreement. It now seems likely that the aid of the courts will be invoked.

Killed by a Train.

Denison, Tex., Aug. 8.—L. W. Buxter, foreman of the Katy at Sterrett, reported to the local officers of the Katy here that a man named Lee Smith was struck and killed at the first bridge south of Sterrett. The report states that Smith, with his mother and brothers, were camped near the place where the accident occurred, and that he had gone on to the right of way to get some grass for his team, when he was struck.

Beck Nominated for Governor.

Rawlins, Wyo., Aug. 8.—The Democratic state convention here nominated T. J. Beck for governor. The platform favors the popular election of United States senators, compulsory arbitration of labor disputes, municipal ownership of public utilities, strengthening of the powers of the interstate commerce commission, prohibition of the acceptance of the free transportation by public officials and other reforms.

Arkansas Valley to Be Finished.

Oklahoma City, Aug. 8.—Mayor Jones has purchased the stock of the Arkansas Valley and Western railroad for eastern capitalists, who will, it is stated, at once construct the road from Red Fork, on the Frisco system in the Creek nation and Indian Territory, to Enid, Garfield county, Oklahoma, on the Rock Island system.

Divorce for Actor Downing.

San Francisco, Aug. 8.—Robert Downing, the actor, has obtained a divorce from his wife, who is known on the stage as Eugene Blair. The petitioner swore that his wife deserted him in November, 1898, and the divorce was granted on the testimony of the actor and his daughter.

No More Blood Marriages.

Rome, Aug. 8.—The pope has notified the reigning houses of Europe that no more dispensations for consanguineous marriages will be granted. It is the wish of the pope that royal personages contract marriages outside of royal families in order to stop degeneration.

MR. KNOX EXPLAINS.

Tells of the Altercation He Had in a Cafe at Atlantic City.

New York, Aug. 8.—Attorney General Knox and Mrs. Knox spent Thursday night in this city, and have left for Oyster Bay to visit President Roosevelt.

Mr. Knox admitted he had been a participant in an unpleasantness in a cafe at Atlantic City last Wednesday night, but said the published accounts of the occurrence were exaggerated. He said no blows were exchanged.

Mr. Knox's version of the incident was that he entered the cafe with a party of friends, consisting of four ladies and three men. At a nearby table sat a party of three men, one of whom he knew, but declined to give his name. These men became noisy, and as it was disagreeable he asked the waiter to have them put out of the room.

The waiter requested the disturbers to be quiet, but instead they became noisier.

Then Knox escorted his party outside and returned to the cafe alone. An altercation ensued, and one of the men made a lunge at Knox, but did not hit him. In a few moments it was all over, and he returned to his friends.

Knox said the statement that the trouble was in any way connected with the trust question was absurd.

PYTHIAN CONCLAVE.

Eighteen Special Trains With Delegates En Route to San Francisco.

San Francisco, Aug. 8.—San Francisco is in gala attire and ready to welcome the Knights of Pythias, thousands of whom are now on the way here to attend the grand convocation of their order.

Eighteen special trains, consisting of 120 coaches, are expected to arrive over the Southern Pacific railway by the Ogden route not later than midnight Sunday. Others will come via Los Angeles and several from the north. Railroad officials estimate that special trains will bring more than one-fourth of the whole number expected.

Wm. D. Kennedy of Chicago, recorder of the supreme tribunal, is already here.

H. C. Warleigh of Utah, grand keeper of the records and seals, is also here.

FERRYBOAT BURNED.

An Overturned Lamp Caused the Destruction, but No Lives Lost.

New York, Aug. 8.—An overturned lamp in the engine room of the ferryboat New Brunswick, plying between New Brunswick, N. J., and New York, set fire to the boat, and so rapidly did the flames spread that the vessel had to be beached on the meadows, about three miles below New Brunswick, and allowed to burn to the water's edge. The boat carried a crew of 23 men, and there were 16 passengers aboard. No lives lost.

The engineer of the boat, William Traver of Bath, N. Y., was badly burned about the face and hands. Two race horses were pushed overboard and swam ashore uninjured. The vessel was valued at \$60,000; partially insured.

MAY BE THE ROBBER.

Leader of Escaped Convicts Suspected of Holding up the Burlington.

Chicago, Aug. 8.—Gus Hyatt, who escaped with fifteen other convicts from the Tennessee penitentiary last Monday night, is now sought as the leader of the train robbers who held up the Burlington express at Savannah, Ill., twenty-four hours after the escape.

At St. Paul, Minn., five men who are suspected of complicity in the robbery are under arrest. They were taken in a body as they alighted from a Great Western train. They give their names as George McKinnon, H. D. Coleman, Henry Lee, F. D. Patchen and William Dunn. Steps have been taken to ascertain whether these men or any of them can be identified as escapes from the Tennessee penitentiary.

The Negro Congress.

Atlanta, Aug. 8.—General themes for the third day's session of the negro young people's Christian educational congress were moral and social reform, missionary questions and the general subject of temperance, and many interesting addresses were delivered by clergymen and educators from all sections of the United States. The attendance upon all of the sessions and enthusiasm manifested are very gratifying to the promoters of the conference.

Friar Lands Church Property.

Rome, Aug. 8.—Action of Philippine friars in selling their lands to syndicates of laymen is disapproved at the Vatican. These lands are considered church property, inalienable without the consent of Rome. Investigation indicates the Dominicans alone sold some of their lands. When sales are definitely ascertained friars will be obliged to show the amount received by them and reimburse the church.

Committed Suicide.

Chicago, Aug. 8.—Lucius Clark, who a few years ago was one of the most prominent promoters and capitalists in Chicago and who was associated with Charles T. Yerkes in the building of surface and elevated railroads, has committed suicide by drinking carbolic acid at his residence here. Reverse business affairs said to have caused the deed.

Proved to Be Only Tramps.

St. Paul, Aug. 8.—The five men arrested here on suspicion of being the Burlington train robbers proved to be ordinary tramps, and Chief O'Connor scouts the idea they had anything to do with the robbery.

CATHOLIC SOCIETIES.

They Take Action on Philippine Friar and School Questions.

Chicago, Aug. 8.—The temper of the convention of the confederation Catholic societies relative to the Philippine question was put to the test at the closing session Thursday. John T. Keating offered a substitute resolution for those previously brought before the meeting. Mr. Keating proposed that the delegates dismiss the friars and the Philippine school question with a mere expression of satisfaction with the manner in which the subject is being handled by the Vatican and the administration. When a motion on the substitute was put there was but one affirmative vote, and that one was Keating's. The convention then adopted the following resolution on the subject:

"We hereby express confidence that the Honorable Theodore Roosevelt, president of the United States, will perform his duty under the constitution and laws, and our firm belief that he will institute a rigid judicial inquiry into any abuses by subordinate government officials in our territorial possessions and promptly rectify such abuses. We are especially confident that in his dealings with the serious problems arising in the Philippine island property and personal rights guaranteed by treaty laws and the constitution will be safely guarded and protected.

"Resolved, that we extend to the friars in the Philippines our fullest sympathy in this their hour of trial; that we appreciate the value of their services in the cause of religion and humanity; that we pledge them our support as American citizens in upholding the hands of our government in its determination to see that they are treated with common justice that belongs to all who enjoy the protection of the American flag.

"Resolved, that this federation congratulate the Vatican and the American government on the position attained in the negotiations regarding the questions which have arisen in the Philippines, and we express our full confidence that these negotiations will be continued until a just and amicable solution shall be obtained."

Stenographers' Association Meet.

Fort Worth, Tex., Aug. 8.—With a silver dollar President Swope rapped the fourth annual convention of State Stenographers' association to order at 11 o'clock this morning. There were 150 members present. Mayor Powell welcomed the delegates, responded to by President Swope. The revised bylaws and constitution read at the last convention were reread and approved. Regular business was then taken up.

Threat to Cut the Cable.

Washington, Aug. 8.—The United States and Haytien Telegraph and Cable company, whose cable lands at Cape Haytien, have informed the navy department of the rumor that there is a threat to cut the cable at Cape Haytien, and has asked the Machias, now there, to be used to prevent this act. Orders have been dispatched to Commander McCrea to prevent the cutting of the cable.

Auditor of Rock Island Dead.

Fort Worth, Tex., Aug. 8.—M. V. Harris, aged 45, auditor for the Rock Island system in Texas, died here after an illness of some weeks. Ten years ago he came here as auditor.

NEWS IN BRIEF.

William Bulkman, while cutting cross-ties near Evansville, Ind., was overcome by the heat and fell dead.

Grant Bass, colored, living near Fairfield, Tex., shot and killed his wife and afterward hunted up and shot Stephen Ellis to death.

Mrs. F. Boentker, a widow, aged 45, killed herself at her home near Brenham, Tex., the result of brooding over the death of her husband and the disaster to her crop by the flood this year.

Mrs. Eliza Young, the oldest actress in America, is dying in New York at the age of 92 years.

Howe, Tex., had the hardest rain in years Thursday, accompanied by high wind.

The cases against the strikers at Cleburne, Tex., were tried, and a verdict of not guilty returned.

Paris, Tex., will erect a monument to the Confederate dead at a cost of \$4000.

Fruit and vegetable growers of Lindale, Tex., netted the large sum of \$250,000 this season.

Willard Polite was arrested at White Hall, Ill., of larceny. He is accused of stealing a bicycle at Canton, Illinois.

The price of crude oil at Beaumont, Tex., has been advanced to 30 cents per barrel and no shading.

The whole south of Texas is covered with a plague of mosquitoes, very small and very fierce.

Thomas Edwards of Nashville, Tenn., is under arrest in Ballard county, Ky., for killing his wife, Ida. They were tramps and her body was found near the Illinois Central tracks badly mangled.

At Paducah, Ky., Frank Eich was shot in the eye and perhaps fatally injured by Henry Petter, a bartender, as the result of a quarrel.

George Spencer of Cincinnati, a gold pen drummer, left \$240 sewed up in his laundry at Paducah, Ky. Ed Dossett, a marker at the laundry, was arrested and finally confessed to getting the money, 180 of which has been returned.

Miss Mary Murphy is dead at Marion, Ky. A pitchfork thrown by her cousin struck her in the eye and killed her.

James Barton Adams, the poet and postscript writer of the Denver Post for the past six years, has severed his connection with that newspaper and intends to pass the remaining years of his life in southern California.

Beware of Counterfeits Unscrupulous persons may offer you worthless imitations. Take only the original DeWitt's WITCH HAZEL SALVE Prepared by E. C. DeWITT & CO., Chicago.

AGRECIAN LEGEND

When the Greeks undertook the Trojan war, Ulysses, one of the most renowned of the Greek heroes, the king of Ithica (one of the small Ionian islands) and the husband of the exemplary PENELOPE, after long declining to join the alliance, at last consented, and embarking his small, but picked band, set sail for the Phrygian shores. During the war he acted a prominent part, and after the fall of the city of Troy, he embarked on board his small fleet with his followers to return to his wife and kingdom. But adverse winds and fearful storms made him the sport of winds and waves, and his efforts were fruitless for a long period. After an absence, however, of thirty years, he regained his island home, found his faithful, still beautiful

PENELOPE

This name has been given a townsite in Hill County, 25 miles north of Waco, on the Fort Worth Division of the International & Great Northern Railroad, in the famous black land country on the rolling prairie, and as CON-STANCY was the charm of its namesake, there is little speculation that the growth of the new I. & G. N. town will be constant and that it will soon become a beautiful little city.

Attend the Big

BARBECUE TOWNLOTS SALE

Penelope, Thursday, August 14th,

By the SMITH LAND & IMPROVEMENT COMPANY.

Everybody knows that when a new railroad station is opened in the Black Land Belt it means a Town and a GOOD ONE, especially if it is an International & Great Northern town. The new I. & G. N. town of Marl, on the Fort Worth Division, having grown from a store, farm house and cotton gin to a bustling town of 1,500 inhabitants within a year, is a case in point.

LEROY, 15 miles north of Waco, in McLennan County, the new I. & G. N. station which was opened July 24, is being settled rapidly. There was a very large sale of town lots made there on the opening day and they continue to go.

PENELOPE, 25 miles north of Waco, 10 miles north of Leroy, 8 1/2 miles from Mt. Calm, 10 miles from West, 19 miles from Hillsboro, and one mile from Postoffice Zeevee, on the Fort Worth Division of the International & Great Northern Railroad, the new station to be opened Thursday, August 14, is in the midst of as fine a black land section as there is in the world. The distance being sufficient from all other towns and trade centers to make it one of the finest towns in that section, and a splendid opportunity is now afforded the investor in this town lot sale. Invest at Penelope!

The I. & G. N. will have very low excursion rates in effect to Penelope for this event and will operate trains to suit the convenience of the people in attending sale. Tickets will be on sale for trains arriving Penelope morning August 14.

See flyers or call on I. & G. N. Agent for further particulars.

MINERS MEET DEATH SUIT FOR STATE LANDS

Gas Explodes in a Colorado Mine With Disastrous Results.

SIXTEEN LIVES LOST

Others Are Missing and Until Further Search the Exact Number of Dead Cannot Be Ascertained—Most of Them Are Married.

Trinidad, Colo., Aug. 8.—Sixteen men are known to have been killed and some others are reported missing as the result of an explosion of gas in one of the mines of the Union Coal and Coke company a Bowen, six miles from Trinidad, Thursday. No names are obtainable at this time. The mine employs about sixty men. They are all Americans and Irish. Most of the dead are said to be married. Only meager details have been received here.

Held for Riddell Murder.

Shenandoah, Pa., Aug. 8.—The coroner's jury, which has been investigating the death of Joseph Riddell, who received his fatal injuries in the riot here last week, has concluded its inquiry and rendered a verdict holding Joseph Palawicz, a butcher; Mat thew Palaskas, a one-armed saloon-keeper, and many other rioters unknown to the jury, responsible for the killing. The men named in the verdict are now locked up and other arrests will follow.

Smallest Tonnage in Years.

Philadelphia, Aug. 8.—The Pennsylvania railroad for the week ending Aug. 2 carried only 920 tons of anthracite coal. This is the smallest tonnage of hard coal the company has moved for many years. For the same week in 1901 the tonnage of anthracite amounted to 98,439 tons. The shipments of bituminous coal continue to show a steady increase.

Cut in Live Stock Rates.

Chicago, Aug. 8.—The western freight rate situation has developed into a state of open war. The Santa Fe has given notice that, beginning next Monday, that company would carry live stock between Chicago and Kansas at a cut of 11 1/2 cents, and is the lowest rate given on live stock since 1895, when the rate went to 10 cents. The full purpose of the Santa Fe is not disclosed. The Santa Fe live stock rate will affect the tariff from points far west of Kansas City to Chicago, as the rates from all interior points will be no more than the through rate to Chicago.

Train Wrecks a Handcar.

Plano, Tex., Aug. 8.—The Central's Galveston excursion train Thursday morning struck a handcar about two miles south of McKinney, killing the section foreman, John Burritt, and seriously injuring Charles Edwards, a laborer, who has a compound fracture of thigh and hip, and probably will have to amputate his leg. Jim Camp, another laborer, was bruised about the arm and back, but is able to walk around. The men pulling the handcar were near a curve and did not see the special until it was nearly upon them.

Lockjaw Cured at N. Y. York.

New York, Aug. 8.—Physicians connected with the Harlem hospital have announced the recovery from lockjaw and discharge from that institution of Joseph Tiernan. On July 4 he shot himself in the hand with a blank cartridge. He was taken to the hospital on July 12. Lockjaw was well developed and it was decided to inject anti-toxine into the spinal cord, and not into the brain, as in previous cases.

Neely Wants His Money Back.

Washington, Aug. 8.—C. F. W. Neely, convicted of Cuban postal frauds and afterwards granted amnesty by the Cuban legislature, has applied to the attorney general to be reimbursed for money found in his possession at the time of his arrest, amounting to \$6234. This money was sent to Cuba as an exhibit at the trial of Neely, and was returned by the military government to the war department.

Richest Man in Indiana.

Evansville, Aug. 8.—Albert O. Duttland, aged 62, the wealthiest man in southern Indiana, is dead at his home in this city. He once owned a line of steamboats plying between Evansville and New Orleans. He built the first railroad from Evansville to Nashville, Tenn., now known as the Nashville division of the Louisville and Nashville.

Picknickers Struck by a Train.

Paducah, Ky., Aug. 8.—A wagonload of 10 picknickers was struck by an Illinois Central freight train at the Tennessee street crossing just within the city limits, Tuesday night, and five were injured, two fatally. The negro driver tried to pass the track, but succeeded in getting only half way across.

General Smith Coming East.

San Francisco, Aug. 8.—General Jacob Smith, accompanied by his wife, left Thursday for the east. The departure of General Smith was taken very quietly, and few persons knew of his going.

Trespass to Try Title Entered by the State of Texas.

ALSO WANT DAMAGES

The State Denies the Validity of the Claims of Mexican or Spanish Grant Titles—Damages Asked for Exceeds \$100,000.

Austin, Aug. 7.—Twelve suits of trespass to try title and for damages were filed Thursday morning by Attorney General Bell for the state of Texas against various parties. The suits were all brought in the Twenty-sixth district court. The allegations in each petition are that the plaintiff was in possession of the lands in question and is now entitled to the possession thereof; that on the 1st of January, 1901, the defendants, without authority of law, entered upon the lands and dispossessed the plaintiff of the same and held, claimed and occupied the same adversely to plaintiff and are still so doing to plaintiff's damage in various amounts.

The plaintiff alleges in each petition that the character of the title under which the defendants claim authority to possess and hold the lands is not known to the plaintiff or to its officers, but plaintiff specially charges that if the defendants claim said land or the right to the possession thereof under title emanating from the Spanish or Mexican government there is not and never was any such title and that there is no valid evidence of such grant to be found in the records or among the files of the general land office.

The first suit is for 315,362 acres of land, more or less, in the counties of Cameron and Hidalgo, the whole tract being known as San Salvador del Tule, and being about 22 miles from Hidalgo town and 65 miles from the city of Brownsville. The damages asked are \$50,000.

The second suit is for 25,000 acres of land in Nueces county on the Nueces river, damages being placed at \$20,000.

The third suit is for 25,000 acres of land in Nueces county, about 23 miles above Corpus Christi, damages being placed at \$25,000.

The fourth suit is for 43 miles of land in Starr county about 43 miles northeast of Rio Grande City, damages asked being \$25,000.

The fifth suit is for 25,000 acres of land in the county of Hidalgo, about 53 miles northeast of the town of Hidalgo, damages asked being \$25,000.

The sixth suit is for 25,000 acres of land in Starr county, damages asked being \$15,000.

The seventh suit is for 110,000 acres of land in Cameron and Hidalgo counties, damages being placed at \$25,000.

The eighth suit is for 30,000 acres of land in Zapata county, damages being placed at \$15,000.

The ninth suit is for 25,000 acres of land in Duval county, on Nueces river, 20 miles above Corpus Christi, damages asked being \$15,000.

The tenth suit is for 100,000 acres of land in Nueces county, damages being placed at \$25,000.

The eleventh suit is for 50,000 acres of land in Hidalgo county, damages being placed at \$5000.

THIRTY TONS OF SILVER.

That Amount Is Now in the Vaults of the State Treasury.

Austin, Aug. 8.—It is a noticeable fact that the cash balance in the state treasury contains more silver year by year. That species of money is being paid into the treasury in larger quantities each succeeding year. There is an interesting explanation to it, which at the same time develops the fact that the state is being somewhat imposed upon and as a result of an act of the legislature.

The act in question became a law in 1893 and provided that county tax collectors shall make their settlements of tax payments in cash, and that the state would pay all express charges on the cash and cost of exchange.

The bond of nearly every tax collector is made by a bank, the official returning the courtesy, or rather his end of a business proposition, by keeping the funds on deposit in that bank. When settlement time arrives that bank can rid itself of its surplus silver at the expense of the state, for the latter pays express charges, and great loads of silver are shipped to Austin. Banks and people generally do not like to handle silver or have it on hand, so it is dumped onto the state at the latter's expense. At this time, and the cash is low, there are thirty tons of silver in the state vaults, more than two carloads. Through the medium of exchange the Austin banks have a "picnic," as they pay silver whenever possible, and their silver surplus is very low. But in return, when the treasurer attempts to make payments in silver to banks or individuals, there is a great protest. Thus the silver surplus grows.

Venezuelan Political Situation.

BY CONNELLY & CARNES.

Per Week, 10c. - Per Month, 40c.

SATURDAY, AUGUST 9, 1902

The Limestone county grand jury has returned a number of indictments on charge of buying votes in the recent primary election held in that county. Following is an extract from the grand jury report: "We found that friends of candidates in the election recently held paid from \$1 to \$5 for votes under the guise that they desired to employ the man's time and influence on the day of the election, in some instances the witness stating that no work was required them, but as soon as their votes were cast the money was paid and their services dispensed with. We have returned sixth-seven true bills against citizens of our county for the purchase and offer to purchase votes."

Brazos river and co-operate with similar organizations in the towns all along the river to the end that some general plan may be adopted to secure the desired results. The action of railroad embankments in checking and holding the water in some instances shows how easy it will be to establish a system of levees along the river adequate to protect the crops.

The Eagle believes that Hon. Scott Field will go to work intelligently and systematically when he shall have been elected to congress to secure relief from floods for the Brazos river country, and we hope he will have the co-operation of every colleague in the state. We also hope that the people who are interested in the work will do all in their power to aid him.

The Del Rio Record says: "Last Monday one of our subscribers came in and paid in cold cash and in cold blood, three years arrearage and one year in advance." We suppose it won't be necessary for the Eagle to go into the details of why we have copied this.

A story is going the rounds that a certain Clarksville young man, who had the habit of staying late, one of those lingering kind of fellows who commence to say good night about 11 o'clock, and don't get away until 12:30. Now this young man had been out with his love one night not many moons since, and on reaching the gate of his beloved proceeded to hang there, whispering silly nothings. He stayed and finally commenced to beg for a good night kiss, promising to go the moment he got the kiss. The old man inside the house had been kept awake fully an hour by the young people, and the longer the young man stayed the madder he got. When the young man promised to go if she would kiss him, the old man stuck his head out of the window and said: "Daughter, for God's sake kiss the d—d little fool, and let him go." It is needless to add that the young man went. —Clarksville Enterprise.

The Navasota Review says the first requisite for diversification is some intelligence, and the next a thundering lot of work.

A news item probably supplied consumes fifty carloads of watermelons per day.

Only \$25.00 to California.

The Southern Pacific has again opened the doors to cheap travel from Texas points to California. During the months of September and October, one way second class tickets will be on sale from all main line points on the Houston and Texas Central railroad and Southern Pacific, at a rate of \$25.00, except from stations east of Houston, from which points rate is made by adding local fare to Houston rate, and from Galveston where the rate will be \$26.45.

These tickets give stop-over at California points, and offer a splendid means of making a trip to California at lower rates than ever. Consult your local ticket agent or write for literature and other information. M. L. Robbins, T. J. Anderson, G. P. & T. A. A. G. P. A. Houston, Texas.

Town Lot Sale at Penelope.

The next sale of lots on the line of the I. & G. N. will be at Penelope, in Hill county, ten miles north of Leroy, August 14. The I. & G. N. will make the same rate from Bryan to Penelope—\$2.00 for the round trip—as was made to Leroy. Tickets will be on sale for trains arriving at Penelope on the morning of August 14. Limit, August 16. dtf

A Sudden Death.

Mrs. John Q. Adams of Willow Hole, a most estimable lady, died under unusual circumstances Tuesday morning.

On Monday she was apparently in excellent health. After dinner she laid down to take a nap, when after some time, some of the children discovered that something was wrong with her. Their efforts to arouse her were unsuccessful. Mr. Adams who was at Bryan was telephoned for, and medical aid was summoned. She never spoke or regained consciousness, however passing away at 1 o'clock Tuesday morning.

Deceased was about 36 years of age, a good and charitable woman and the mother of nine children, four boys and five girls. The burial was at the Willow Hole cemetery.

The bereaved husband and children have our deepest sympathy.—Madisonville Meteor.

No effort has been made to systematically destroy the mosquitos. It appears the people had rather go on paying doctors' bills and fighting them on the buzz, bite, slap, slap plan than to go to the little trouble and expense of putting oil on the breeding places.

Mrs. W. H. Wright of Dallas, representing Jessamine Institute, of Nicholasville, Ky., of which Mrs. J. B. Skinner is president, is in the city the guest of Mrs. Jewell Howard. Mrs. Wright will be pleased to meet parties having daughters whom they desire to place in a first-class school. 212

KING'S CORONATION

Important Changes Made in the Official Programme.

MADE MUCH SHORTER

The Aged Dean of Westminster Is Relieved of Portion of the Part He Was to Perform—Changes in the King's Cabinet.

London, Aug. 8.—A number of important changes in the coronation programme have been announced. Recognition, in which the king is presented to the people by the archbishop of Canterbury as "Undoubted King of the Realm," will be performed but once, instead of four times, as given in the official programme. The litany, which was to have followed the recognition, will not be said, the sermon will be omitted and the Te Deum, which was placed in order of the service at the presenting of the Bible, will not be given at that time, but will be sung during the recess at the close of the coronation office when the king visits Saint Edward's chapel.

Owing to the age of Very Rev. George Granville Bradley, dean of Westminster, who is 81 years old, the king has relieved him of the duty of placing the regalia upon the altar, and this service will be performed by Canon Duckworth, but the dean will present the crown to the archbishop for the coronation and will present communion supper to the king.

Lord Chamberlain will take the king's sword from the altar and hand it to his majesty, he will put upon the king the armilla and imperial mantle, will take the orb with the cross from the altar and deliver it to archbishop for presentation to the king, and will receive the orb from the king and it will be laid by him upon the altar. Altogether the programme has been considerably shortened.

IN KING'S CABINET.

Austin Chamberlain Is Made Postmaster General by King Edward.

London, Aug. 8.—Official announcement is made that Austin Chamberlain, son of the colonial secretary, has been appointed postmaster general, vice the marquis of Londonderry, resigned.

As Austin Chamberlain will have a seat in the cabinet, the rare spectacle will be furnished of both father and son holding cabinet rank simultaneously.

It is stated the new office, that of postmaster general, has been appointed.

The earl of Dudley has been appointed lord lieutenant of Ireland, Charles Thomson Ritchie chancellor of the exchequer, and Aretas Akers-Douglas home secretary.

NO AGREEMENT MADE.

Report That Morgan's Offer Had Been Accepted Premature.

London, Aug. 8.—The announcement made in Belfast that an agreement had been reached between the admiralty and the Morgan shipping combine was premature. Negotiations on details of agreement are still proceeding and believed with every promise of success.

In the house of commons Premier Balfour said the government had been engaged in negotiations connected with and arising from circumstances connected with the formation of the shipping combine. "Unfortunately we are not yet in a position to make a statement to the public," said Balfour, "the accident to the colonial secretary, Mr. Chamberlain, having caused some delay, but I am confident that when the house meets again, we will be in a position to take it into our confidence."

Boer War Inquiry Committee.

London, Aug. 8.—Premier Balfour has announced the appointment of the following committee of inquiry into the conduct of the Boer war: Earl of Elgin, chairman; Sir Henry Norman, Sir John Hopkins, Lord Esher and Sir John Edge.

Another Railroad Combine.

Chicago, Aug. 8.—The Daily News announces that by what is known as traffic agreement, close alliance has been entered into between Chicago, Milwaukee and St. Paul railway and Missouri Pacific system, one representing Rockefeller interests and the other the great southwestern systems of Goulds.

By the alliance the former company will secure direct line to Salt Lake and the Missouri Pacific will gain a direct entrance from Kansas City to Chicago.

This will place St. Paul system with a terminus more than midway to the Pacific coast and give it entrance into El Paso, Tex., over the Texas and Pacific tracks.

Accident Causes Alarm.

Madrid, Aug. 8.—Considerable alarm was felt during King Alfonso's journey from Oviedo to Leon. While the train was in the tunnel near Llavres the door of the king's salon was suddenly opened and was broken off. The king convinced himself personally that the occurrence was accidental.

Bryan Not a Candidate.

Muscantine, Ia., Aug. 8.—W. J. Bryan, in an interview here, said positively he would not be a candidate for president in 1904. He said he was satisfied to live as a private citizen.

Mr. D. L. Foster, who was in the
city yesterday with a load of water-
melons, had an exciting runaway
experience in the edge of town while
on the way home. He was thrown
out and stunned, but fortunately his
injuries were not serious.

BRYAN IS IN NEED

Of a Vigorous and Systematic Advertis-
ing Campaign.

The busy season is almost upon
us when cash trade seeks a market
to make heavy fall and winter pur-
chases, and the business men of
Bryan are in need, individually
and collectively, of some vigorous,
systematic advertising. A few
years ago no town in Texas was
better advertised than Bryan, and
by this enterprise there was built
up a magnificent patronage in
Brazos and surrounding counties
for all lines of business conducted
here. In order to hold this busi-
ness it will be necessary to employ
the same methods which secured
it. During the past few years the
advertising patronage of the weekly
papers has fallen off heavily, and
page price list ads, with thousands
of circulars printed therefrom and
scattered broadcast over the country
are almost a thing of the past. As
a trade winner this sort of ad-
vertising has no equal, and the ex-
perience of our business men, if
they will weigh the matter care-
fully, will bear out the statement.
To leave off this weekly advertising
is to cut the strongest cord that
draws the trade to our doors. Right
prices carefully prepared and at-
tractively displayed will do the
work when sent out to the people
and it is a mistake to say that the
people who want goods and have
money to spend will throw such a
newspaper or circular down. Things
can still rock along at
the present rate after a fashion,
but if Bryan wants to hold her
own, much less to increase her
business, there will have to be
more printer's ink used, and that
without delay. The floods and the
boll weevils make the necessity all
the greater for reaching out
to cover more territory.

The Eagle does not desire a re-
vival of the old time enthusiasm
in advertising wholly from personal
interest. If we know our motives,
the interest of the people of Bryan
has always been one of the strong-
est incentives to our work. We
realize that whatever benefits the
town is of benefit to every
individual who makes his home
and gets his living here. We know
that every man's advertising bene-
fits his neighbor and when all
reach out in this manner for trade
the cumulative effect is irresistible
and the whole city reaps the har-
vest. The Eagle has no desire to
complain of the treatment it has
received under the present manage-
ment at the hands of the people of
Bryan, but we know that to have
the weekly paper going out week
after week with columns almost
clear of advertising will gradually
give the impression to the people
that the business interests of town
are shriveling up and they will
seek the cities where they are con-
tinually invited by fresh, crisp read-
able advertising.

A. M. E. CHURCH REVIVAL

Closed Thursday Night—Seventy-Two
Additions to the Church.

The great negro revival, which
has been conducted the past three
weeks under a large arbor in a
grove in the western part of town,
closed Thursday night. The meet-
ing was conducted by the African
Methodists and resulted in seven-
ty-two additions to the church,
sixty-two of them by baptism.
The preachers engaged in the
meeting were Rev. R. Deal, of Pal-
estine, presiding elder; Revs. A.
Gordon and W. O. Boyd, of Mar-
lin; Rev. S. J. Connor, of Mum-
ford; Rev. D. P. Stovall, of Oak-
woods; Rev. G. W. Anderson, pas-
tor, and others. Very large crowds
attended the meeting, including
many white people for whom sep-
arate seats were provided. Fully
two thousand people were present
at the closing service. There was,
at times, a great deal of religious
enthusiasm displayed, but good or-
der was maintained without diffi-
culty. A number of lunch and
cold drink stands on the grounds
did a good business.

NOTICE.

The railroad tank having been
leased by private parties, all persons
are hereby warned not to bathe, or
otherwise trespass on grounds. Any
persons found upon same will be
prosecuted. M. Parker, Pres.
214 H. A. Burger, Sec.

What's the matter with having
some first-class boat races on the big
lake opposite the fair grounds dur-
ing the Central Texas fair this fall?
It would be a very easy matter to
hold a regatta during the fair and
nothing could possibly be of more
general interest. Boats could doubt-
less be secured at Austin.

F. M. Chambliss, J. G. Conn, J. D.
McNair, Alonzo Lang, W. M. Hughes,
Bob Allphin, Bryant and G. W. Kin-
ney, Andrew and G. C. Griffin, H. B.,
George and Jeff Donhoe, T. M. Bot-
toms, A. M. McMahon, Jess Heath,
Will Payne, Olin Black, Dave Briz-
zolari, Dave and Powell Shannon
were visitors from Madison county
the past few days.

NEW CHOCTAW CHIEF.

T. W. Hunter Defeats Green McCurtain
the Present Chief.

South McAlester, I. T., Aug. 8.—Un-
official returns from ten of the leading
counties give T. W. Hunter a major-
ity of approximately 300 over his rival,
Green McCurtain, for Choctaw chief.
There is a discrepancy at the two
headquarters but the McCurtain man-
agers concede that Hunter is 256
ahead. There are six counties among
the mountains yet to hear from Cedar,
Wolf, Jacksfork, Red River, Eagle and
Boktoko. Sugar Leaf, from which
McCurtain expected 130 majority,
wires that it will be safe, though close,
for him. Dime Ainsworth, the McCur-
tain manager, says the race will be
close enough to require the official
count.

The Treaty Adopted.

Vinita, I. T., Aug. 8.—Returns from
election in the Cherokee nation are
coming in slowly, but the indications
are that the treaty has been adopted
by 1500 majority or more. Delaware
and Coowees-coowee districts will roll
up a majority of 2000 for the treaty.

YOUNG MAN MISSING.

It Is Supposed Ill Health Caused Him
to Leave Home.

New York, Aug. 8.—Wilberforce Og-
den, 21 years of age, son of William
Ogden, a prominent Newark business
man, has been missing from his fa-
ther's home in Chatham, N. J., since
Monday. Night and day parties of
friends have searched the country for
him, watching every road, dragging
the Passaic river and nearby ponds,
and even fighting their way through
the wilderness of the great swamp
near Chatham.

Several months ago Ogden returned
from a Vermont theological seminary,
where he was studying for the minis-
try, broken in health. Brooding over
his failure to finish the course of study
developed melancholia. His condition
improved, however, and Sunday night
the nurses ventured to leave him alone.
Next morning he was not to be found.
During the night he partially dressed
himself, emptied all his bottles of
medicine and left the house.

From that time nothing was heard
of him until a tramp brought the news
that he had seen the boy asleep under
a tree near Afton, six miles away, on
Monday night. Later a milkman saw
him on the Orange mountains, where
he disappeared in the underbrush.

NEGRO BOY LYNCHED.

Strung to a Limb in Louisiana for As-
saulting a Child.

Shreveport, La., Aug. 8.—Harry Ben-
ton, a 17-year-old negro, was lynched
near Homer Thursday for criminal as-
sault on a little 4-year-old child of D.
W. Fortson, a prominent citizen of
Homer. The negro committing the
crime took to the woods, but was cap-
tured a few hours later, placed upon
a horse, and a rope was tied to the
limb of a tree. A noose was fastened
around his neck and some one struck
the horse a blow. The animal moved
forward, and as it did so Benton's
body swung into space. Several shots
were fired into his body, and death
must have come to his relief quickly.
The child will recover.

Reward for Harry Tracy.

Portland, Ore., Aug. 7.—It is proba-
ble that the \$4100 reward for Harry
Tracy's body will not be paid for some
time owing to the number of claim-
ants. The body will be taken to Salem.
Governor Gear has already stated that
he is willing for the state to pay the
reward as soon as the proper identi-
fication shall be made, but the reward
will not be paid until the claimants
reach an agreement. It now seems
likely that the aid of the courts will
be invoked.

Killed by a Train.

Denison, Tex., Aug. 8.—L. W. Buster,
foreman of the Katy at Sterrett, re-
ported to the local officers of the Katy
here that a man named Lee Smith was
struck and killed at the first bridge
south of Sterrett. The report states
that Smith, with his mother and
brothers, were camped near the place
where the accident occurred, and that
he had gone on to the right of way to
get some grass for his team, when he
was struck.

Beck Nominated for Governor.

Rawlins, Wyo., Aug. 8.—The Demo-
cratic state convention here nomi-
nated T. J. Beck for governor. The plat-
form favors the popular election of
United States senators, compulsory
arbitration of labor disputes, munic-
ipal ownership of public utilities,
strengthening of the powers of the
interstate commerce commission, pro-
hibition of the acceptance of the free
transportation by public officials and
other reforms.

Arkansas Valley to Be Finished.

Oklahoma City, Aug. 8.—Mayor
Jones has purchased the stock of the
Arkansas Valley and Western railroad
for eastern capitalists, who will, it is
stated, at once construct the road from
Red Fork, on the Frisco system in the
Creek nation and Indian Territory, to
Enid, Garfield county, Oklahoma, on
the Rock Island system.

Divorce for Actor Downing.

San Francisco, Aug. 8.—Robert
Downing, the actor, has obtained a
divorce from his wife, who is known
on the stage as Eugene Blair. The
petitioner swore that his wife desert-
ed him in November, 1898, and the
divorce was granted on the testimony
of the actor and his daughter.

No More Blood Marriages.

Rome, Aug. 8.—The pope has noti-
fied the reigning houses of Europe that
no more dispensations for consanguin-
eous marriages will be granted. It is
the wish of the pope that royal per-
sonages contract marriages outside of
royal families in order to stop degener-
ation.

MR. KNOX EXPLAINS.

Tells of the Altercation He Had in a Cafe at Atlantic City.

New York, Aug. 8.—Attorney General Knox and Mrs. Knox spent Thursday night in this city, and have left for Oyster Bay to visit President Roosevelt.

Mr. Knox admitted he had been a participant in an unpleasantness in a cafe at Atlantic City last Wednesday night, but said the published accounts of the occurrence were exaggerated. He said no blows were exchanged.

Mr. Knox's version of the incident was that he entered the cafe with a party of friends, consisting of four ladies and three men. At a nearby table sat a party of three men, one of whom he knew, but declined to give his name. These men became noisy, and as it was disagreeable he asked the waiter to have them put out of the room.

The waiter requested the disturbers to be quiet, but instead they became noisier.

Then Knox escorted his party outside and returned to the cafe alone. An altercation ensued, and one of the men made a lunge at Knox, but did not hit him. In a few moments it was all over, and he returned to his friends.

Knox said the statement that the trouble was in any way connected with the trust question was absurd.

PYTHIAN CONCLAVE.

Eighteen Special Trains With Delegates En Route to San Francisco.

San Francisco, Aug. 8.—San Francisco is in gala attire and ready to welcome the Knights of Pythias, thousands of whom are now on the way here to attend the grand convolve of their order.

Eighteen special trains, consisting of 120 coaches, are expected to arrive over the Southern Pacific railway by the Ogden route not later than midnight Sunday. Others will come via Los Angeles and several from the north. Railroad officials estimate that special trains will bring more than one-fourth of the whole number expected.

Wm. D. Kennedy of Chicago, recorder of the supreme tribunal, is already here.

H. C. Warleigh of Utah, grand keeper of the records and seals, is also here.

FERRYBOAT BURNED.

An Overturned Lamp Caused the Destruction, but No Lives Lost.

New York, Aug. 8.—An overturned lamp in the engineer room of the ferryboat New Brunswick, plying between New Brunswick, N. J., and New York, set fire to the boat, and so rapidly did the flames spread that the vessel had to be beached on the meadows, about three miles below New Brunswick, and allowed to burn to the water's edge. The boat carried a crew of 23 men, and there were 16 passengers aboard. No lives lost.

The engineer of the boat, William Traver of Bath, N. Y., was badly burned about the face and hands. Two race horses were pushed overboard and swam ashore uninjured. The vessel was valued at \$60,000; partially insured.

MAY BE THE ROBBER.

Leader of Escaped Convicts Suspected of Holding up the Burlington.

Chicago, Aug. 8.—Gus Hyatt, who escaped with fifteen other convicts from the Tennessee penitentiary last Monday night, is now sought as the leader of the train robbers who held up the Burlington express at Savannah, Ills., twenty-four hours after the escape.

At St. Paul, Minn., five men who are suspected of complicity in the robbery are under arrest. They were taken in a body as they alighted from a Great Western train. They give their names as George McKinnon, H. D. Coleman, Henry Lee, F. D. Patchen and William Dunn. Steps have been taken to ascertain whether these men or any of them can be identified as escapes from the Tennessee penitentiary.

The Negro Congress.

Atlanta, Aug. 8.—General themes for the third day's session of the negro young people's Christian educational congress were moral and social reform, missionary questions and the general subject of temperance, and many interesting addresses were delivered by clergymen and educators from all sections of the United States. The attendance upon all of the sessions and enthusiasm manifested are very gratifying to the promoters of the conference.

Friar Lands Church Property.

Rome, Aug. 8.—Action of Philippine friars in selling their lands to syndicates of laymen is disapproved at the Vatican. These lands are considered church property, inalienable without the consent of Rome. Investigation indicates the Dominicans alone sold some of their lands. When sales are definitely ascertained friars will be obliged to show the amount received by them and reimburse the church.

Committed Suicide.

Chicago, Aug. 8.—Lucius Clark, who a few years ago was one of the most prominent promoters and capitalists in Chicago and who was associated with Charles T. Yerkes in the building of surface and elevated railroads, has committed suicide by drinking carbolic acid at his residence here. Reverse business affairs said to have caused the deed.

Proved to Be Only Tramps.

St. Paul, Aug. 8.—The five men arrested here on suspicion of being the Burlington train robbers prove to be ordinary tramps, and Chief O'Connor scouts the idea they had anything to do with the robbery.

CATHOLIC SOCIETIES.

They Take Action on Philippine Friar and School Questions.

Chicago, Aug. 8.—The temper of the convention of the confederation of Catholic societies relative to the Philippine question was put to the test at the closing session Thursday. John T. Keating offered a substitute resolution for those previously brought before the meeting. Mr. Keating proposed that the delegates dismiss the friars and the Philippine school question with a mere expression of satisfaction with the manner in which the subject is being handled by the Vatican and the administration. When a motion on the substitute was put there was but one affirmative vote, and that one was Keating's. The convention then adopted the following resolution on the subject:

"We hereby express confidence that the Honorable Theodore Roosevelt, president of the United States, will perform his duty under the constitution and laws, and our firm belief that he will institute a rigid judicial inquiry into any abuses by subordinate government officials in our territorial possessions and promptly rectify such abuses. We are especially confident that in his dealings with the serious problems arising in the Philippine island property and personal rights guaranteed by treaty laws and the constitution will be safely guarded and protected.

"Resolved, that we extend to the friars in the Philippines our fullest sympathy in this their hour of trial; that we appreciate the value of their services in the cause of religion and humanity; that we pledge them our support as American citizens in upholding the hands of our government in its determination to see that they are treated with common justice that belongs to all who enjoy the protection of the American flag.

"Resolved, that this federation congratulate the Vatican and the American government on the position attained in the negotiations regarding the questions which have arisen in the Philippines, and we express our full confidence that these negotiations will be continued until a just and amicable solution shall be obtained."

Stenographers' Association Meet.

Fort Worth, Tex., Aug. 8.—With a silver dollar President Swope rapped the fourth annual convention of State Stenographers' association to order at 11 o'clock this morning. There were 150 members present. Mayor Powell welcomed the delegates, responded to by President Swope. The revised bylaws and constitution read at the last convention were reread and approved. Regular business was then taken up.

Threat to Cut the Cable.

Washington, Aug. 8.—The United States and Haytian Telegraph and Cable company, whose cable lands at Cape Haytien, have informed the navy department of the rumor that there is a threat to cut the cable at Cape Haytien, and has asked the Machias, now there, to be used to prevent this act. Orders have been dispatched to Commander McCrea to prevent the cutting of the cable.

Auditor of Rock Island Dead.

Fort Worth, Tex., Aug. 8.—M. V. Harris, aged 45, auditor for the Rock Island system in Texas, died here after an illness of some weeks. Ten years ago he came here as auditor.

NEWS IN BRIEF.

William Bulkman, while cutting cross-ties near Evansville, Ind., was overcome by the heat and fell dead.

Grant Bass, colored, living near Fairfield, Tex., shot and killed his wife and afterward hunted up and shot Stephen Ellis to death.

Mrs. F. Boentker, a widow, aged 45, killed herself at her home near Brenham, Tex., the result of brooding over the death of her husband and the disaster to her crop by the flood this year.

Mrs. Eliza Young, the oldest actress in America, is dying in New York at the age of 92 years.

Howe, Tex., had the hardest rain in years Thursday, accompanied by high wind.

The cases against the strikers at Cleburne, Tex., were tried, and a verdict of not guilty returned.

Paris, Tex., will erect a monument to the Confederate dead at a cost of \$4000.

Fruit and vegetable growers of Lindale, Tex., netted the large sum of \$250,000 this season.

Willard Polite was arrested at White Hall, Ill., of larceny. He is accused of stealing a bicycle at Canton, Illinois.

The price of crude oil at Beaumont, Tex., has been advanced to 30 cents per barrel and no shading.

The whole south of Texas is covered with a plague of mosquitoes, very small and very fierce.

Thomas Edwards of Nashville, Tenn., is under arrest in Ballard county, Ky., for killing his wife, Ida. They were tramps and her body was found near the Illinois Central tracks badly mangled.

At Paducah, Ky., Frank Elch was shot in the eye and perhaps fatally injured by Henry Petter, a bartender, as the result of a quarrel.

George Spencer of Cincinnati, a gold pen drummer, left \$240 sewed up in his laundry at Paducah, Ky. Ed Dossett, a marker at the laundry, was arrested and finally confessed to getting the money, 150 of which has been returned.

Miss Mary Murphy is dead at Marion, Ky. A pitchfork thrown by her cousin struck her in the eye and killed her.

James Barton Adams, the poet and postscript writer of the Denver Post for the past six years, has severed his connection with that newspaper and intends to pass the remaining years of his life in southern California.

DeWITT'S Witch Hazel SALVE

A well known cure for Piles

This salve cannot be equalled wherever a soothing and healing antiseptic application is needed. It quickly cures sores, cuts, burns and scalds without leaving a scar. For piles, eczema and all skin diseases it is considered infallible.

Beware of Counterfeits

Unscrupulous persons may offer you worthless imitations. Take only the original DEWITT'S WITCH HAZEL SALVE Prepared by E. C. DeWITT & CO., Chicago.

AGRECIAN LEGEND

When the Greeks undertook the Trojan war, Ulysses, one of the most renowned of the Greek heroes, the king of Ithica (one of the small Ionian isles) and the husband of the exemplary PENELOPE, after long declining to join the alliance, at last consented, and embarking his small, but picked band, set sail for the Phrygian shores. During the war he acted a prominent part, and after the fall of the city of Troy, he embarked on board his small fleet with his followers to return to his wife and kingdom. But adverse winds and fearful storms made him the sport of winds and waves, and his efforts were fruitless for a long period. After an absence, however, of thirty years, he regained his island home, found his faithful, still beautiful

PENELOPE

This name has been given a townsite in Hill County, 25 miles north of Waco, on the Fort Worth Division of the International & Great Northern Railroad, in the famous black land country on the rolling prairie, and as CON-STANCY was the charm of its namesake, there is little speculation that the growth of the new I. & G. N. town will be constant and that it will soon become a beautiful little city.

Attend the Big

BARBECUE TOWN LOT SALE

Penelope,
Thursday, August
14th,

By the SMITH LAND & IMPROVEMENT COMPANY.

Everybody knows that when a new railroad station is opened in the Black Land Belt it means a Town and a GOOD ONE, especially if it is an International & Great Northern town. The new I. & G. N. town of Mart, on the Fort Worth Division, having grown from a store, farm house and cotton gin to a bustling town of 1,500 inhabitants within a year, is a case in point.

LEROY, 15 miles north of Waco, in McLennan County, the new I. & G. N. station which was opened July 24, is being settled rapidly. There was a very large sale of town lots made there on the opening day and they continue to go.

PENELOPE, 25 miles north of Waco, 10 miles north of Leroy, 8 1/2 miles from Mt. Calm, 10 miles from West, 19 miles from Hillsboro, and one mile from Postoffice Zee-vee, on the Fort Worth Division of the International & Great Northern Railroad, the new station to be opened Thursday, August 14, is in the midst of as fine a black land section as there is in the world. The distance being sufficient from all other towns and trade centers to make it one of the finest towns in that section, and a splendid opportunity is now afforded the investor in this town lot sale. Invest at Penelope!

The I. & G. N. will have very low excursion rates in effect to Penelope for this event and will operate trains to suit the convenience of the people in attending sale. Tickets will be on sale for trains arriving Penelope morning August 14.
